Dear Employer:

Based on information contained on Form DOL-1, Employer Status Report, it has been determined that you have not met the liability requirements to be subject under Georgia law for unemployment insurance tax at this time.

You may become liable for the tax at a later date. If you do, you should notify the Department **immediately**. You will be subject to the tax if you:

1. Employ one or more individuals for some portion of a day in each of twenty different calendar weeks within a calendar year (counting part-time workers), or pay wages of \$1,500 or more during a calendar quarter; or
2. Acquire the organization, trade or business, or substantially all the assets (90% or more) of another, which at the time of such acquisition was an employer subject to the law; or
3. Pay cash remuneration of \$1,000 or more in any calendar quarter to individuals employed in domestic service; or
4. Employ ten or more individuals in each of twenty different calendar weeks within a calendar year or pay remuneration in cash of \$20,000 or more in any calendar quarter to individuals employed in agricultural labor; or
5. As a non-profit organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code, employ four or more individuals for some portion of a day in twenty different weeks in a calendar year or meet the conditions stated in item 2 above.

As none of the above requirements have been met, we are returning your form along with a blank DOL-1 form to be completed and returned to us should you meet the liability requirements.

If, at any time, you need assistance in determining your liability status, please contact either the Department of Labor representative in your area or the Employer Liability Adjudication Section as shown below.
